FAIRFIELD HAS FIRST COUNTY KINDERGARTEN

Mrs. Mildred Reindollar, wife of the elementary principal of the Fairfield Jointure schools, Robert M. Reindollar, has been elected kindergarten teacher at Fairfield, Supervising Principal George B. Inskip announced today.

Inskip said 35 youngsters, four and five years of age, have enrolled so far for the kindergarten, the first public school kindergarten to be established in the county.

The youngsters will have their school in the former Independent Order of Odd Fellows Hall in Fairfield purchased some years ago by the Fairfield Joint School board and used for various classes during the years.

SPILL CLASSES

Starting this fall, the IOOF building will house only the kindergarten youngsters who will range from four years, seven months at the time of their entrance up to five years, seven months, at which time they enter the regular primary grades.

Inskip said the 35 youngsters will be divided into two classes, one attending in the morning and the other in the afternoon. The division will be about equal and will be made by locality because of bus scheduling. The supervising principal said he will send letters to the parents of the children notifying them which kindergarten class their child will enter and giving details concerning bus transportation etc.

Mrs. Reindollar, mother of three daughters, will have her youngest daughter as a member of her kindergarten class.

TEACHING EXPERIENCE

The former Miss Mildred Mellinger of Shippensburg, Mrs. Reindollar is a graduate of Shippensburg State Teachers college and taught in Franklin County and Camp Hill before moving to Fairfield. Over the last several years she has been a substitute teacher in the Gettysburg and Fairfield schools.

Inskip said the selection of Mrs. Reindollar for the kindergarten class completes, with one exception, the selection of teachers for the coming year. The one vacancy that has not been filled as yet is that of special education teacher in the high school to replace Mrs. Elissa L. Fisher, who resigned at the end of the last school year.

The Fairfield principal also announced that the school board has voted to cooperate with a series of science programs to be presented over a Lancaster TV station. The fifth and sixth grade youngsters will view the films over a 32 week period, for 15 minutes each week at 9:30 o'clock in the morning. Inskip said the films will not "teach science, but will illustrate to the students what they are studying in their regular classes and thus enrich their science curriculum."

BULLETIN

WASHINGTON (AP) — House investigators today recommended contempt of Congress proceedings against Bernard Goldfine, gift-giving friend of presidential assistant Sherman Adams.

Chairman Oren Harris (D-Ark) said the investigating subcommittee's recommendation would be submitted soon as possible to its parent, the House Commerce Committee.

Air Force Hopes To Send Plane 100 Miles Into Air

HOLLYWOOD (AP) — The man now designated to be America's first venturer into space is a poised New Yorker who takes the assignment in easy stride.

Sometime within the next two years, if everything goes according to schedule, Air Force Capt. Robert M. White will be piloting the X15 higher than man has ever flown.

The Air Force predicts the research plane now under construction will have an altitude potential of 100 miles.

It wasn't until last weekend, when his good friend Capt. Iven C. Kincheloe was killed in a jet crash, that White knew he would be replacing Kincheloe as the No. 1 man in the highly secret X15 program.

Was 'Backup Pilot'

Prior to that, he had been Kincheloe's "backup pilot."

How does he feel about his new status?

"I'd feel fine about it if it had come about in any other way. As an individual Kincheloe cannot be replaced. He was an entity in himself."

Plan To Sand Blast Minter Building

Mrs. N. L. Minter, E. Middle St., has been granted a building permit for the construction of scaffolding and sandblasting of Minter's Store building at the corner of Baltimore and E. Middle Sts. York began this morning. The cost, according to the permit, is estimated at \$2,000.

Also started this morning was the painting of woodwork and shutters on the Weaver building, Lincoln Square. The new white paint contrasts to the recently cleaned and repainted brick of the building.

FORMER COUNTY MAN IS HONORED BY KIWANIS CLUB

A former Adams County man has been honored by the Pikesville Kiwanis Club for his long service to the community as a member of the Baltimore County Police Bureau.

Lieut. Leroy Kane, twin brother of Carl Kane, Biglerville R. D. and a native of Adams County, completed 30 years as a member of the Baltimore County police force July 12.

At the Kiwanis meeting it was noted that only one other member of the Baltimore County police force, Capt. W. Meyers, in charge of the police vehicle repair shop at Towson, Md., has as many years of service as Lieut. Kane.

The former county joined the Baltimore County police July 12, 1928, as a patrolman and during the succeeding years has worked at every police station in Baltimore County with the exception of Dundalk.

EARLY PROMOTION

Six months after he joined the police force, Lieut. Kane was promoted to the grade of sergeant and placed in charge of the Pikesville and Reisterstown stations. Today a captain, three lieutenants and twelve sergeants are assigned to those same two areas.

In 1942 Lieut. Kane was promoted to his present rank and placed in charge of the western and southwestern police districts of Baltimore County including Woodlawn, Catonsville and Halethorpe.

In 1951 he was transferred back to the Pikesville station and now resides at 24 Clarendon Ave., Pikesville.

In 1932 when the late William Hunter, a turnkey at the Pikesville station, was killed by a prisoner, Lieut. Kane was sent to Illinois to identify and bring back the escaped murderer who was sentenced to life imprisonment.

A deer and rabbit hunter, Lieut. Kane is rated as a crack marksman.

Kane is a son of the late J. Andrew Kane and a brother of George E. Kane, Adams County commissioner.

BALTIMORE WOMAN PAYS FINE AND COSTS

Margaret Teresa Kerman, Baltimore, paid a fine of \$10 and costs before Justice of the Peace Robert P. Snyder this morning on charges of passing where the view was obstructed on Baltimore St., and failing to signal her intent to turn according to borough police who laid the charges. Miss Kerman made a "U" turn causing another motorist to drive almost off the highway in order to avoid a crash.

BIRTH ANNOUNCEMENTS

At Warner Hospital
Mr. and Mrs. Roger Williams, Thurmont, son, today.

Mr. and Mrs. Donald Waters, Embreeville, son, today.

Mr. and Mrs. Donald Sipes, Westminister, son, Monday.

Mrs. George Kauffman, Littlestown, son, Monday. The father died suddenly in June.

MRS. H. SCHARF TO ENTERTAIN COLLEGE GROUP

The south-central area group of the Commonwealth Committee of the Woman's Medical College will meet in Gettysburg Wednesday following a luncheon at the home of Mrs. Henry M. Scharf on Herr's Ridge.

The WMC Commonwealth Committee, representing Pennsylvania, functions under the National Board of which Mrs. Dwight D. Eisenhower is honorary chairman.

A progress report on the \$4 million Development Program of the college will be made and plans discussed for fulfilling the \$25,000 pledge voted by the committee at their annual meeting on June 9.

OTHERS TO ATTEND

Dr. Marion Fay, dean of the Woman's Medical College, Mrs. M. Franklin Daskam, assistant to the president, and Mrs. Sol Weinberg will attend from Philadelphia.

Among the other invited guests are: Mrs. George M. Leader, the Hon. Genevieve Blatt, Mrs. Anna de Planter Bowes, Mrs. Henry M. Gross, Mrs. William E. Martindale, Mrs. Spencer Nauman, Mrs. David P. Reese, Jr., chairman, Mrs. William H. Work, Mrs. Samuel K. Zaroff, all of Harrisburg; Mrs. A. L. Leibensperger, Mrs. E. Eugene Shelley and Mrs. Gibson of York; Mrs. John S. Rice of Gettysburg; Mrs. Harry L. Shinn of Tyrone; Miss Elinor B. Porterfield of Chambersburg; Mrs. Dale F. Shugart and Miss Ethel M. B. Wenger of Carlisle.

Also Mrs. Joseph M. Stowell of Hollidaysburg; Mrs. Woodrow R. Mattern of McClure and Mrs. A. Whitaker of Camp Hill.

WANT TO CONGRATULATE THE

We want to congratulate the All-Star Little Leaguers who have won the area championship by virtue of three shut-out victories in the recent playoffs. The youngsters played good ball, made few miscues and battled their opponents into submission with little or no trouble.

Tonight the Little Leaguers will play for the District 14 title when they clash with the Mechanicsburg American Legion Club at Newville.

If you can make it you will enjoy watching these youngsters play ball and a good local crowd will boost their morale and perhaps give them an added boost.

Here to our All-Star Little Leaguers.

A subscriber friend of ours sent the following self-explanatory clipping from a recent edition of *The Orlando (Florida) Sentinel*:

IRAQI LIMITS U. S. AIRMEN TO BASE QUARTERS

By STAN CARTER

HABBANIYA, Iraq (AP) — American and British airmen and dependents—a total of 1,334 persons—have been restricted to a small living area of this big Iraqi air base since the July 14 coup in Baghdad.

The Americans—43 officers and men—are sitting on the grass eating watermelons when reporters reached the base Monday. They have not been harmed or threatened.

But they have discontinued their program of training Iraqis in flying Sabre Jets. The group delivered five Sabre Jets here June 17 under the military assistance program.

Stopped July 14

But since July 14 they have been prevented from continuing their work.

The British-built base, 60 miles west of Baghdad, was turned over to the Iraqis in 1955. But the British still had refueling and other privileges for transport planes, and a contingent of 1,020 airmen was here to operate air traffic control and other services. With the British are 270 dependents.

BALMAIN DROPS NECKLINE FOR VERTIGO EFFECT

By NADEANE WALKER

PARIS (AP) — Necklines took their first dizzy dips of the season in the Pierre Balmain collection shown today.

It was perhaps as well that they did, for there was nothing else in the sedate Balmain collection to raise the blood pressure. He keeps skirts at the knee line, the waist up high where everybody seems to have pushed it this time, and the hipline lightly cupped.

The new decolletage, designed to give you "vertigo" (giddiness) according to Balmain, is really a double dip and owes its uplift to "an interior artifice" called the "gorgerin." It gives the bare-bosomed effect of a half-shell bra.

Suit Versions

Balmain presents suits in two versions. One has a tunic-length jacket cupped in at the bottom of the hip with a Chesterfieldian air. This one so far has not shown up elsewhere. The other, right in this season's groove, has a very short jacket biked up in front.

Dresses and coats often have full, gathered-on sleeves, and this, with the tapering torso or stem, looks even more like a mushroom than Cardin's mushroom silhouette shown Monday.

For formal wear these big puffy sleeves are short or elbow length and often covered with ornate embroidery to contrast with a plain velvet sheath. Another trick is pulled off with ruffles or clown collars on dresses, and with big collars of long-haired fur on cloth coats with swinging skirts.

Violet Preference

While he likes black as does everybody else, and also bright red as everybody else, Balmain pursues a rather lonely preference for violet. He tucks bunches of violets into the draped bosoms of some of his models. One violet chiffon floor-length formal has the new dizzy-dip bra top made of violet.

Paris hasn't seen so many belts in many a season, but most of them hug the rib cage and might almost qualify as "throat-upholders."

Plane Crashes After Loring AFB Takeoff

LIMESTONE, Maine (AP) — A huge B52 jet bomber crashed today three miles south of Loring Air Force Base killing eight men. The craft was returning from a routine training mission.

The plane was approaching the air field with a ceiling of only 400 feet. It was raining at the time. The bomber crashed into field three miles from the Maine-New Brunswick border.

There was only one survivor—Maj. Moody E. Deaton, of Denison, Tex., an instructor pilot. He was taken to the base hospital where his condition was described as good.

HOSPITAL REPORT

Admissions: Mrs. Gerald Coates, Warren; Miss Katherine Hardy, York Springs R. 1; Charles Gilbert, Bigerville; Mrs. Sadie Putman, Taneytown; Mrs. Donald Waters, Emmitsburg; Mrs. Donald Sipes, Westminster; Mrs. Roger Williams, Thurmont; Raymond Sager, New Oxford R. 2; Leo McKenrick, Orrtanna; Mrs. George Kauffman, Littlestown; Mrs. Francis Wenshaw, R. 2.

Discharges: Mrs. Pius Hemler, Taneytown; Bautista Rodriguez, Fairfield; Mrs. Bernard Smith, Hanover R. 2.

FACES CODE CHARGE

A ten-day notice was sent to William Cline, Greenstone, by Justice of the Peace Roy E. Metz, Fairfield R. 1. Cline is charged with failure to wear eye glasses while driving his car in Hamilton Township.

Claims Quasihuman Pilots Are Guiding Flying Objects

ALAMOGORDO, N.M. (AP) — Dr. Carl Jung, Swiss psychologist, says in a report that Unidentified Flying Objects are real and "show signs of intelligent guidance by quasi-human pilots."

"I can only say for certain these things are not a mere rumor, something has been seen," Jung said in the report. "A purely psychological explanation is ruled out."

Jung, who started his research on UFOs in 1944, released his report through the UFO filter center of the Aerial Phenomena Research Organization here. It was released by L. J. Lorenzen of Holloman Air Force Base.

Mass Of Observations

"I have gathered a mass of observations of Unidentified Flying Objects since 1944," Jung said.

"The discs do not behave in accordance with physical laws, but as though without weight..."

"If the extraterrestrial origin of this phenomena should be confirmed, this would prove the existence of an intelligent interplanetary relationship. What such a fact might mean for humanity cannot be predicted."

"But it would put us without doubt in the extremely precarious position of primitive communities in conflict with the superior culture of the whites."

"That the construction of these machines proves a scientific technique immensely superior to ours cannot be argued."

CLAIM DEALERS HIKE CAR PRICES

WASHINGTON (AP) — Forty-two car dealers in the Washington area faced charges today of conspiring to jack up the price of new cars in violation of antitrust laws.

Indictments returned Monday by a federal grand jury also accused the dealers of collusion in setting artificially high prices for parts and repairs.

The indictments were the first returned in a Justice Department probe of car pricing practices. Other grand juries are investigating the car markets in New York, San Francisco, Cleveland and Detroit.

Charge Conspiracy

Indicted here were the area's 17 franchised Ford dealers, the 14 Chevrolet dealers and the 11 Oldsmobile dealers. In addition, the Ford Motor Co. and the Greater Washington Chevrolet Dealers Assn. cooperative were charged with joining the conspiracy to fix prices to the detriment of open competition.

The basic charge was that each of the three groups of dealers conspired to set minimum prices "substantially in excess" of those recommended by manufacturers.

The charges were denied by several of the dealers and by the Ford Motor Co.

The dealers said the only agreement ever entered into was one setting up a suggested asking price for cars. The asking price, they said, was never the selling price because of varying trade-in allowances and discounts.

Mt. Hope

MT. HOPE — The Ladies Aid Society of the Mt. Hope church held its July meeting in the church hall. The meeting opened with group singing followed by the Scripture and a discussion on "Trees and the Handiwork of God" by Mrs. Merle McDowell. A piano solo followed.

Refreshments were served by the hostess Miss LeAnna Lighner. The meeting adjourned with the singing of "Blest Be The Tie."

A surprise birthday party was held Sunday afternoon at the home of Mr. and Mrs. Crawford Bollinger in honor of Robert Kepner. Guests attending were from Orrtanna, Gardners, Littlestown and Gettysburg.

Mr. and Mrs. Dwight Warren and son, David, and Mr. and Mrs. Eckstein and son, Richard, Washington, D. C., spent Sunday with Mr. and Mrs. Frank Bell.

Mr. and Mrs. Richard Bollinger and children, Mt. Holly Springs, spent Sunday with Mr. and Mrs. Crawford Bollinger.

Mr. and Mrs. Leon Gelwicks and daughter, Ginger Rae, Waynesboro, and Mr. and Mrs. Thomas Metz spent Sunday at the home of Roy E. Metz and family.

NEW AMBASSADOR

CUIDAD TRUJILLO, Dominican Republic (AP) — Porfirio Rubirosa today was appointed Dominican ambassador to Cuba by President Trujillo. Rubirosa's current post is minister-counselor in the embassy in Paris.

(Continued From Page 1)

We've had a number of complaints from pedestrians against youngsters who ride their bicycles on the sidewalk. Two women said they narrowly escaped being run down several times. Others said they were almost "brushed" off the walk by cyclists. Parents should warn their children that they must ride their bikes in the street.

The first convoy escort duty of the U.S. Navy started July 1, 1800, when a fleet of 14 merchant ships sailed from Batavia, Dutch East Indies, around the Cape of Good Hope to the U.S. under guard of the frigate Essex.

When you see a fire engine go roaring by, you may wonder for a second or two "can it be headed for my house?" Then you dismiss it from your mind. You might not be so complacent if the figures on fire losses were placed before you in big red letters.

During 1955, there were 865,561 reported fires in communities of 2,500 or more population which means that a fire started every 37 seconds.

Almost everything you own, from a house down to a dishpan, costs twice as much today as it did a comparatively few years back.

In most cases, even though you are carrying double the insurance you carried 15 years ago, you would still be out of pocket in replacing the things destroyed by fire. Your best protection is to see that every possible hazard around your property is reduced to the minimum. It is cheaper to call in an electrician or furnace man to make needed repairs and replacements than it is to call the fire department.

Lebanese

(Continued From Page 1)

a compromise candidate, but until now censors had eliminated such mention of him in dispatches from Beirut.

If the rebels and the government supporters do unite behind Shehab, he may be able to end the 81-day-old rebellion of anti-Chamoun forces who opposed his Western leanings and reported ambitions for a second term. An end to the rebellion presumably would result in the withdrawal of U.S. troops from Lebanon.

Despite the mounting signs of political truce, there was fighting Monday four miles northeast of Lebanon's northern seaport of Tripoli, around the town of Zegharta.

Two families, the Frangiehahs and the Duwalihys, were involved. They have had a long-standing feud and now have split over politics, the Duwalihys favoring the Chamoun government and the Frangiehahs opposing it.

Jordan made new charges against the Syrian province of President Nasser's United Arab Republic. The Jordanian government said security forces had seized "large quantities of arms, ammunition and explosives" last night near the Syrian border.

Eisenhower Urges More Foreign Aid

WASHINGTON (AP) — President Eisenhower made a new plea today for more foreign aid money, pegging it to the Middle East crisis.

He laid particular stress on the suddenly increased needs of Turkey and Iran in urging restoration of more than half a billion dollars chopped out of his program of help for friendly nations.

Republican congressional leaders reported the President voiced the appeal at his regular weekly meeting with the party chiefs.

The administration's original request for \$3,942,000,000 for the mutual security program was cut by about \$300 million in an authorization bill. In a subsequent appropriation measure, the House slashed an additional \$56 million from the original request.

ERROR NOTED

Monday's account of the death of Mrs. Henrietta Grego, 86, incorrectly stated that she had died at her home at Gardners R. 2. The notice should have read Gettysburg R. 2.

PUBLIC GUARDIANS

We owe a priceless debt to all . . . policemen dressed in blue . . . whose job it is to safeguard things . . . that righteous folks pursue . . . they take care of our children . . . and watch our property . . . and they are trained to answer . . . most any kind of plea . . . imagine what it would be like . . . if they were not around . . . evil would run rampant . . . the lost would not be found . . . yet when they dole out tickets . . . to motorists who err . . . folks are prone to ridicule . . . and cause an awful stir . . . but we must all remember . . . they have a job to do . . . and we should all be thankful for . . . policemen dressed in blue.

EDGEWATER, N. J. (AP)

A little bank was dying today. Charles R. Howell, state commissioner of banking and insurance, ruled Monday the Manufacturers Bank here should be liquidated.

It was the first forced bank closing in New Jersey in 20 years.

Howell has said the fatal illness was a form of malnutrition—not enough assets to be hearty and some of the assets allegedly forged.

Not Enough Money

A trio from Bergen County tried to breathe new life into the bank after Howell ordered it seized 12 days ago but the commissioner said they didn't put up enough money.

(AP Photo by radio from London)

POLICE CHARGE TEEN-AGE BELL'S IN PHONE THEFT

PITTSBURGH (AP) — Three teen-age boys, described by police as "absolute geniuses in making electronic devices and in making trouble for themselves," are in custody of juvenile authorities today on charges of stealing and tampering with telephone company equipment.

Acting on a tip, police took the youths into custody Monday. Officers said the boys had built their own phone exchange in an underground telephone tunnel with hundreds of dollars worth of equipment stolen from the phone company.

The arrests climaxed a year-long investigation by police and phone company detectives. The company's electronic equipment was unable to trace the source of long distance calls made from Park section. Linemen tried to trace the calls by making a pole-by-pole check in the area, but had no luck. Police also had received a number of crank calls.

Police said the oldest boy, who is 17, designed a device that could be used to tap phone calls without being detected.

BRITAIN HALTS IRAQI EXPORTS

LONDON (AP) — Britain has restricted the export of all military and war-potential goods to rebel Iraq, a Board of Trade spokesman said today.

The action made Iraq, a founder-member of the Baghdad Pact, subject to the same export-licensing procedures as Communist countries.

Britain's action appeared to be primarily precautionary. It seemed to be offset somewhat by the fact that about 118 Iraqi army, air force and cadet officers under training at British military establishments are still carrying on normally with their duties here.

Government spokesmen said Britain considers obligations to train the Iraqis still valid.

Dulles Pledges Help For Asian Alliance

LONDON (AP) — The United States continued Baghdad Pact discussions today in the new role of a virtual partner with Turkey, Iran, Pakistan and Britain against Soviet threats to the Middle East.

Secretary of State Dulles pledged Washington to defense of the three Asian nations still active in the alliance to bolster the group after the apparent loss of its only Arab member, Iraq.

Dulles' announcement tightened U.S. military commitments in the tense area but did little to extend them. Iran is the only one of the four active pact members with which the United States had no direct military alliance and it is in the Eisenhower Doctrine area that Washington had promised to aid against Soviet aggression.

Dulles flew home Monday night after signing a declaration of military support with the prime ministers of the four nations.

INDUSTRIALS LOSE GROUND

NEW YORK (AP) — Industrials lost ground in a fairly active stock market early this afternoon. As the market dipped on average, key stocks showed losses running from fractions to more than a point. Rails and utilities held ground fairly well.

Quite a few pivotal issues traded up unchanged and there was a fair assortment of gainers.

Trading was heavy at the start. The ticker tape fell behind for seven minutes.

HARRISBURG (AP) — The State Fish Commission has re-elected President John W. Granoble of Carlisle, and Albert R. Hinke, Clearfield.

The men were elected for another year in office at the commission's annual reorganization meeting Monday.

HARRISBURG (AP) — Edward Paul Lavelle, defeated Democratic gubernatorial candidate, has endorsed the full Democratic slate for the Nov. 4 general election.

The Scranton man made the endorsement Monday but declined to answer a reporter's question on whether he had been offered a state post to make the endorsement.

Bob Lawrence, Indiana first baseman, led the Big Ten in three hitting departments and tied in two others during the 1958 season. He batted .472.

JERSEY BANK IS FORCED TO CLOSE 1ST IN 20 YEARS

EDGEMARSH, N. J. (AP)

A little bank was dying today.

Charles R. Howell, state commissioner of banking and insurance, ruled Monday the Manufacturers Bank here should be liquidated.

It was the first forced bank closing in New Jersey in 20 years.

Howell has said the fatal illness was a form of malnutrition—not enough assets to be hearty and some of the assets allegedly forged.

Not Enough Money

A trio from Bergen County tried to breathe new life into the bank after Howell ordered it seized 12 days ago but the commissioner said they didn't put up enough money.

Haitian Rebels Storm Army Barracks In Attempt At Coup

PORTE-AU-PRINCE, Haiti (AP)

A rebel group captured Des Salines army barracks next to the National Palace today and the government called upon the people by radio for support.

Radio Port-au-Prince said the rebels were supporters of former President Paul Magloire, now in exile in the United States. It also said two Americans were in the rebel group.

Americans Warned

U. S. Ambassador Gerald Drew warned American residents here to keep off the streets.

Although the radio said "the enemy has two Americans with them," there was no identification by name.

President Duvalier has held office for the past nine months. During that period he has survived three conspiracies against his government.

Magloire was forced into exile after he tried to extend his six-year term as president with the backing of army elements.

The Negro republic has seen little political peace since then. For a considerable period the army was the actual ruler.

Suspected Notes

The Berges County trio and at least one other unidentified financier each offered \$150,000 to back the bank's notes suspected of being worthless and possibly forged.

The notes covered loans to a series of companies in which Pittsburgh financier Earl Belle and an associate, Mitchell D. Ostwind, held an interest.

Belle and Ostwind, now in Brazil, have denied FBI charges that they fraudulently converted \$2,500 of the notes.

Howell has said \$50,000 of the \$150,000 in questionable notes are backed by 400,000 shares of Cornucopia gold mines stock. Trading in that stock, one of Belle's enterprises, was suspended Monday by the Securities and Exchange Commission.

The remaining \$100,000, Howell said may be covered by a bonding company.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times

FIFTY YEARS AGO

Biglerville Items: During the thunder storm on Thursday afternoon Miss Helen Heller was struck by lightning at the home of her father, James Heller, north of town. The lady was burned severely about the mouth and the end of her tongue and is slowly recovering from the effects of the stroke. The lightning entered the building via the chimney, tearing it out, then entering the second floor, there making an entire circuit of the outer walls and tearing the plastering off. From there it entered the first floor in the room in which the lady was sitting with the above results.

Saturday afternoon at 2 o'clock the barn of Amos Sillik on the Garrison farm, tenanted by John Osborne, was also struck by lightning and totally destroyed including a large lot of hay, manure, ladder, fodder shredder, spring wagon and a dog belonging to Mr. Osborne. We understand there was no insurance on building or contents. Loss estimated at about \$800.

C. C. Weaver is drilling two wells for Stonescriff and Studebaker on York street, one to furnish the water for a wood working plant that the gentlemen are erecting and the other for supplying water for a new residence that they will build.

Arendtsville Items: The macadamized road that is being built between this place and Biglerville is giving employment to quite a lot of our day laborers to do grading and quite a lot of our farmers are also engaged with their teams in hauling stone to the road. The contractor is paying good wages.

Local Miscellany: The heavy showers of last week put new life into the growing crops.

The frescoes have completed the large room on the third story of the new bank building to be occupied by Gettys Lodge I.O.O.F. The Lodge will move into their new quarters in the near future.

One of the trolley cars jumped the track near the Rogers house during the heavy storm of Thursday night which delayed traffic at a critical time.

The old milk car on the Reading road jumped the track again last Friday morning near the red barn on the Wills farm. The truck wheels left the track tearing up the ties for some distance. The engine came in and got a passenger car, going back for mail, passengers and express.

Special Meeting Of Council: A special meeting of the Town Council was held Friday evening to hear a proposition from the Mt. Holly Trolley Co. in regards to entering Gettysburg with the proposed line.

Mr. Pasca, representing the company, asked for a franchise to enter Chambersburg St. After some discussion Mr. Butt moved that a committee of five be appointed to confer with the Trolley Company. Following composed the committee: Calvin Gilbert, chairman, J. L. Buit, Harry S. Trostle, Jacob Kitzmiller and J. A. Tawney.

The committee and officials of the Trolley company met Saturday when proposition was made by the committee as follows:

The committee agreed to recommend to council that an ordinance be passed on the following conditions:

To give said Trolley Co. the use of Springs Ave. from borough line to West St. and Chambersburg St. from West St. to Washington St. for single track.

That should any other company desire to enter borough upon said street they shall not be prevented but shall use the same track jointly. If any company should want to build a road before the Mt. Holly Co. has built they shall have the right to do so.

They shall use only flat rails and shall pave the streets with such material as the borough may direct between the rails and two feet on either side. The company to light the occupied streets by arc lights when required by Council.

The construction of the road to begin on or before Oct. 1, 1908.

Today's Talk

NEW INTERESTS

There are all sorts of ideas and theories dealing in how to live long and happily. My suggestions would be, first, do not worry. Second, keep hunting out new interests and make them work for you.

I recently read about a prominent business man who collected jade and went over a part of the world to discover new specimens. I read many years ago of a great railroad man who collected rare semi-precious stones. I can understand the fascination and love that people put into a hobby dealing in beauty. At my small island hide-out I wander among stones and rocks to get acquainted with them.

Fabre, the great French naturalist, probably knew more about insect life than he might know more world. He would go to sleep among the rocks and various types of insect life and he might know more about them; and Edwin Way Teale, the fine American naturalist, has an insect garden, and his books are beautifully written and illustrated with his own photographs.

When a great sorrow has come over a person I can think of nothing more consoling and uplifting than to bury your mind in new interests. And turn to that old master, the art of comforting — work! Work is the salvation of thousands when trouble comes and worries increase and you get lonely and seem forgotten.

You can't have too many interests that make you feel free, fortunate, and fearless. Let them take possession of you. Thank God that they are usually well within reach, and awaiting your call! Your example will inspire others, so talk about your interests to others. Help build a new world!

Tomorrow Mr. Adams will talk on the subject: "Sowers of Seeds."

Protected, 1958, by The George
Matthew Adams Service.

Just Folks
ADVICE

Advice is what
Folks give away

To other people
Every day;
It's telling how

To save a dime
Or make a clock
Keep perfect time;

It's telling how
To cure a cold,
How to get rich,

And not grow old.

How children should
Be reared today

And just what games
They ought to play;

It's telling people
What to wear,

And just what is

Their proper fare;

Just how their
Business should be run.

But when at last
All this you've done,

Bear this in mind

And can it ever

You've simply made

Yourself a bore.

PAROLE OFFICER
SEES INCREASE
IN DELINQUENCY

HARRISBURG (AP) — A state parole official said today that the search for a solution to the problem of the juvenile offender is hampered because it involves the sanctity of the home.

Paul J. Gernert, chairman of the Pennsylvania Board of Parole, said the family usually protects the delinquent by covering up early symptoms. By the time the juvenile comes to the attention of the police, he said, the delinquency is so deep-seated that correction is difficult.

In a speech prepared for the 45th convention of the Pennsylvania Chiefs of Police Assn., Gernert said juvenile delinquency has increased 70 per cent in the last eight years.

"Institutions, jails and detention homes are overcrowded and conditions during the next eight or 10 years will become worse rather than better," he said.

More than 500 police chiefs are attending the annual convention.

During the opening business session of the convention Monday the juvenile delinquency committee asked that the age of the juvenile offender be reduced from 18 to 16 years.

Need Facilities

The committee also recommended that definite steps be taken to provide adequate facilities for the detention of teen-age hoodlums and gangsters.

Chairman Frank H. Sweeney, Jenkintown police chief, said the age limit for juveniles needs to be lowered due to the "general lack of respect for police and society by juveniles who are given inadequate punishment by juvenile courts."

Sweeney said the same suggestions were made 10 years ago.

"It is obvious that nothing has been done to correct, alleviate or improve what was obviously a path of self destruction for our teen-age boys and girls," he said.

The committee also recommended that police executives be placed on every advisory board dealing with juvenile delinquency and that there be a decided tightening of censorship of films aimed at teen-age audiences.

"We also feel that the present generation should take definite action to save themselves," the committee said. "Unfortunately, in too many instances they allow themselves to sink back into a swamp of inertia revelling in the fact that they are 'shock-up' and almost daring the world to save them."

SATELLITE REPORTS EXISTENCE
OF KILLER RAYS AT 600 MILES

CAPE CANAVERAL, Fla. (AP)
— Explorer IV satellite is sending back a wealth of information on a hot field of radiation high in space.

Although in orbit only three days, the heaviest and most important U.S. satellite already has confirmed the existence of the killer rays at an altitude of 600 miles above the earth.

Dr. James Van Allen of Iowa State University, who directed the development and assembly of the satellite's complex instruments, said the data so far looks very satisfactory.

Explorer IV, which is expected to whirl around the globe for the next five years, records radiation energy and intensity on four counters and relays the messages on two radios which are expected to last for two months.

Meanwhile, the Air Force stepped up preparations for the first moon launching. It was selected for the 200-lap race. Time trials are scheduled for 12:30 p.m. with the 100-mile Grand National Sweepstakes to roar off at 2 p.m.

The Air Force reportedly will attempt to shoot a satellite around the moon on a one-way flight. A three-stage version of the Thor-Able rocket will be the launching vehicle.

The Army's first chance to shoot the moon probably will not come before November.

INDIANTOWN GAP, Pa. (AP)—Reservists of the 80th Infantry Division moved into the field to train to prepare for an inspection by Lt. Gen. George W. Read Jr., commander of the Second Army.

The commander will conduct the field inspection during the three days of training scheduled for the

HONEST LIQUOR DISTILLER HAS MANY PROBLEMS

CARTHAGE, Mo. (AP) — All Kenneth Welch wanted to do was find a commercial use for the hedge apple. But that was before he reckoned with the revengers.

No one had ever found any use for the hedge apple. Welch, a 40-year-old stonemason, thought he would try boiling the fruit.

His experiments led him to believe that from a ton of hedge apples he could get 67 pounds of vegetable oil, 24 pounds of an antioxidant compound for use as a food preservative, 300 pounds of high protein dried pulp good for cattle feed, and 20 gallons of ethyl alcohol.

TAXMEN MOVE IN

AB, alcohol. That's where the rub came. A good citizen, Welch figured that since alcohol was one of the products, he had better tell the federal alcohol tax people what he was about.

"The alcohol wasn't what I was after," he relates, "but they couldn't understand what I was doing. I believe they thought I was some kind of bootlegger."

"They confiscated all the alcohol, dumped out all my experiments and told me I couldn't do any more experimenting under any circumstances. They took all my equipment, too, including my wife's pressure cooker."

SENT TAX BILL

Then the government sent a bill for \$11.53 — taxes on the alcohol he had produced.

That was about two years ago, and Welch says he's still sparring with the alcohol tax people.

"One assistant U.S. attorney said I'd caused him more trouble than any man he'd ever dealt with," Welch says, not without a note of pride.

CONGRESSMEN HELP

Welch's friends carried his story to Rep. Charles Brown (D-Mo.), whose protests drew, among other things a suggestion that Welch's difficulty stemmed from failure to qualify in a lawful manner as a distiller. The official suggested that Welch post a bond.

Other results:

1. Welch got a letter from the regional tax office in Omaha advising the bond should be at least \$5,000 or \$10,000 per proof gallon for any alcohol produced in a 15-day period.

WOULD CHANGE APPROACH

2. The government sent a report that his alcohol tested 157.9 and 128.8 proof.

3. Mrs. Welch got back her pressure cooker.

Welch allows that if he had it to do all over again, "Darned if I wouldn't keep my mouth shut about it until I had it done."

Gen. Stokes Jr. Given 13 Gun Salute At Gap

INDIANTOWN GAP, Pa. (AP) — The 80th Reserve Infantry Division Monday began its second week of summer training under new command, following the retirement of Maj. Gen. William M. Stokes Jr.

Stokes, who commanded the unit for eight years, was honored with a 13-gun salute and a formal review at ceremonies marking the midway point of the division's annual two weeks of field training.

Gen. Stokes was given the U.S. second army achievement certificate and praised for "enhancing the prestige of the U.S. Army Reserve and most ably representing the Army to the public."

The division, made up of troops from Maryland, Washington, D.C., and Virginia, is now under the acting command of Brig. Gen. Morgan W. Wallace.

BY THE ASSOCIATED PRESS

Summit meetings found their modern basis in the dramatic months before the United States entered World War II. President Franklin D. Roosevelt and British Prime Minister Winston Churchill met secretly aboard ship off Newfoundland and announced the Atlantic Charter. Britain was at war, the United States still officially neutral.

The next time the leaders met, both nations were allied in the war.

Here is a rundown of summit meetings:

Summit Roundup

CASABLANCA, Mexico, Jan. 14-24, 1943 — Roosevelt and Churchill vowed to seek the unconditional surrender of the Axis nations.

CAIRO, Nov. 22-26, 1943 — Roosevelt and Churchill, met with China's Chiang Kai-shek. The three pledged their determination to defeat Japan and free Korea.

TEHRAN, Iran, Nov. 28-Dec. 1, 1943 — Roosevelt, Churchill and Soviet Premier Stalin discussed a joint plan of action against Germany.

YALTA, the Crimea, Feb. 3-11, 1945 — The same three men met on Soviet soil. After this meeting, the Soviet Union entered the war against Japan.

POTSDAM, Germany, July 17-Aug. 2, 1945 — President Truman met with Churchill and Stalin. Churchill then was relieved by his successor, Clement Attlee. This meeting concerned plans for a defeated Germany and the nations of Europe. Afterward Truman refused to meet with Stalin abroad again.

WASHINGTON, Nov. 15, 1945 — With the United Nations gathering strength in San Francisco, Truman, Attlee and Canadian Prime Minister Mackenzie King met in Washington. They agreed to hang onto atomic secrets until the U.N. was ready to control them.

THE GENEVA GATHERING

GENEVA, July 18-23, 1955 — President Eisenhower, British Prime Minister Anthony Eden, French Premier Edgar Faure and Soviet Premier Nicolai Bulganin met in this atmosphere of great hope. Nikita Khrushchev was there too. The meeting aimed to find an answer to the unification of Germany. It failed. The United States won attention with Eisenhower's open skies disarmament plan.

THE GENEVA MEETING

THE GENEVA meeting was the first one held after Churchill applied the word summit to a meeting of chiefs of governments. He used it in a House of Commons debate calling for such a gathering two years before the Geneva talks and it has been the standard term since.

STUDENT KILLED IN FIRST SOLO FLIGHT

STATE COLLEGE, Pa. (AP) — A Pennsylvania State University graduate student crashed to his death in a light airplane two miles north of here Saturday on his first solo flight.

STATE POLICE IDENTIFIED THE VICTIM AS THOMAS N. WALKER JR., 25, OF AIRVILLE, YORK COUNTY, WHO WAS ATTENDING SUMMER CLASSES AT PENN STATE AND TALKING FLYING LESSONS AT THE UNIVERSITY AIRPORT IN HIS SPARE TIME.

TO MAKE MATTERS WORSE, CHEVALIER AND THE PANTHER THEN ROMP AROUND THE BED TOGETHER.

180,000 AT ASSEMBLY

BY THE ASSOCIATED PRESS

NEW YORK (AP) — More than 180,000 Jehovah's Witnesses overflowed Yankee Stadium and the Polo Grounds Sunday to open an eight-day Divine Will International Assembly.

Negroes, whites and Asians mingled freely and heard Milton G. Henschel, convention chairman, emphasize that there is no "nationalistic or racial barrier."

"We are one," Henschel said. "Others may claim to be Christians but actions speak louder than words."

Officials have called this New York City's largest convention ever.

A spokesman for the Witnesses said 117,295 were at the Stadium and 62,996 at the Polo Grounds. Thousands were in streets nearby, many munching hot dogs while listening to the speeches over amplifiers.

Men circulated through the stands carrying small signs that read, "Quiet, Please." These served to remind the few who enthusiasm led to raised voices.

The big attraction was at the Stadium. Those at the Polo Grounds listened in via loudspeakers. Some features, however, were repeated at the baseball Giants' former home.

PANTHER ENDS PARIS MARRIAGE

BY THE ASSOCIATED PRESS

PARIS (AP) — Having a pet panther jump in bed with her at 7 a.m. daily was just too much for the wife of France's big game hunting Chevalier d'Orgeix.

She is getting a legal separation from Chevalier and the panther although remaining friendly with both. The trouble is, she says, that her husband liked the panther better than the wife.

The panther in question, Zouma, is a playful beast accustomed to creating a stir. She got loose a year ago on a street and spread near panic before her recapture.

ALLIES BEGAN SUMMIT TALKS DURING WW II

BY THE ASSOCIATED PRESS

DETROIT (AP) — Top officers of the United Auto Workers Union met Monday in a strategy session with setting of a strike deadline a top matter for discussion.

Bargaining talks with General Motors, Ford and Chrysler are in recess until today. UAW members have worked without a contract in the Big Three auto plants since the Memorial Day weekend.

The conference Monday preceded a session of the union's 25-man executive council called for Friday in Detroit.

to back up contract demands. Industry observers have said approach of the 1959 model year improves the union's bargaining position.

KARL FASHIONS LACK COURAGE IN FIRST SHOW

BY NADEANE WALKER

PARIS (AP) — Patou's new young designer, Roland Karl, today made what looked like a timid attempt to bring back the normal waistline to female fashions.

His big idea, a silhouette with flared skirt and nearly fitted waist, is almost a princess outline. But, perhaps because the young newcomer lacked the courage of his convictions, the waistline is still slightly slack.

No Hemline News

Former Resident Raps Visiting Newsman's Inaccurate Fable Of Gettysburg's "Reading Habits"

"There should be good money in starting a newstand in Gettysburg," says the "Roundabout with Uncle Nick" column in a recent issue of the Towanda (Pa.) Daily Record, "but, of course, it would take you a while to get the people 'newspaper minded.'"

Mrs. Mary F. Giffen, now of Orlando, Fla., but formerly the operator here with her husband, J. Stuart Giffen, of Stuart's Motel, sent a clipping of the column along with a letter she dispatched to Uncle Nick blistering him for the attack on Gettysburgians. Uncle Nick said that after his visit to Gettysburg he hadn't "been so hungry for newspapers in years. Didn't see (Gettysburg) people carrying papers on Sunday when most folks have to get their 'funnies' whether or not they read the paper the rest of the week." He also said that he found a customer at a local restaurant reading a Saturday paper Monday, so desperate are things here!

Mrs. Giffen, who came to Gettysburg in 1953 from Towanda, wrote Uncle Nick as follows:

"In reply to your article concerning Gettysburg 6/18/58. I must say your experience was quite different from ours. We moved from Towanda to Gettysburg in June 1953, and found it to be the most delightful experience of our lives. The genuine hospitality in Gettysburg is something that is rarely found today. Oddly enough, when we speak

you published on June 18, 1958."

Local Report

A check with the Gettysburg News Agency today revealed average Sunday sales here of about 2,500 newspapers, including five New York papers, two Washington, two Baltimore, one Harrisburg, two Pittsburgh, and two Philadelphia. Daily sales run about 900.

At the time we were in Gettysburg we owned and operated 'Stuart's Motel.' It was our policy, as it is many of our friends that own motels in Gettysburg today, to give our guests a choice of different newspapers — namely, New York Times, Washington Post, Baltimore Sun, Philadelphia Inquirer and of course many people enjoyed our Gettysburg Times. At least two of those papers can not be found in Towanda. So just who is 'newspaper minded?' All of these were purchased at a newsstand on Chambersburg Street, a short distance off Lincoln Square. Knowing of several newsstands in Gettysburg, I wonder just what the impression would be if some of the citizens of Gettysburg would visit Towanda and look over your newsstands and then pick up your Daily Review and read an article such as

Editor's Note: — Had the author of the "Uncle Nick" column made ONE inquiry at any of the several newsstands in Gettysburg he would have been blasted out of his lethargy and could have written a really worthwhile and factual column.

Repayments Increase

David A. Hamil, REA administrator noted that debt repayment obligations for the two programs — electric and telephone — have increased sharply. They have risen from \$2 million dollars in 1952 to 14 millions at the end of the fiscal year June 30.

However, he said the rural systems are not only meeting their obligations, but are increasing payments ahead of schedule in record amounts.

At the close of the fiscal year, Hamil said, the REA had a balance of 129 million dollars in advance payments. Only four borrowers on the national scene were delinquent for \$107,000 compared to \$201,000 the previous fiscal year. No Pennsylvania firms were behind in their payments.

Huge Equity

"Through their payments the consumer-members of the rural

systems are gaining substantial ownership," Hamil said. "They now have an equity amounting to about 15 per cent of their assets or nearly double what it was five years ago," he added.

Hamil attributed the financial showing to stepped up power consumption by rural consumers.

"Power sales are increasing at the rate of about 14 per cent a year. I believe we can expect continuation of this growth and further strengthening of the financial condition of the systems," Hamil asserted.

The REA loans are made only to borrowers who have set up cooperative companies. The loans are not authorized for profit-making firms.

COLLEGE GROUP BLASTS DRAFT BY NFL TEAMS

WASHINGTON (AP) — Bud Wilkinson, Duffy Daugherty, and Bowden Wyatt have told Congress they don't like pro football's player draft.

The three bowl-winning college coaches expressed the same low opinion of legislation designed to relieve professional team sports of many antitrust law restrictions.

Oklahoma's Wilkinson, Michigan State's Daugherty and Tennessee's Wyatt testified Monday before the Senate Antitrust subcommittee.

Hit Draft Hard

They disagreed with NFL Commissioner Bert Bell, who contended that the league would collapse without a draft to equalize the strength of all 12 pro teams. They questioned whether one club could sweep up all the good players.

Wilkinson's Opinion

Wilkinson, draft aside, declared he would recommend pro football only to men of superior skill. . .

"Sammy Baugh, a Sid Luckman or a Doak Walker." It might also help those with a definite goal, such as a career in law or medicine, to pay for advanced education, he said.

"Beyond that," he testified, "anyone who plays is making a bad mistake."

Of the exemption bill, Daugherty foresaw a "dangerous trend."

Wyatt said he found no reason why sports should be "any different from any other business."

Wilkinson said he "could not imagine Congress granting any group that special privilege — no group should be above the law."

systems are gaining substantial ownership," Hamil said. "They now have an equity amounting to about 15 per cent of their assets or nearly double what it was five years ago," he added.

WINS HELMET BY RAINFALL

WAYNESBURG, Pa. (AP) — Citizens of this southwestern Pennsylvania community usually don't pay too much attention to rain.

But today was different because there is a belief that it always — well, almost always — rains in Waynesburg on July 29.

Each year, Atty. John Daily, head of Waynesburg's Rain Day Club, wagers a hat that it will rain. This year he put up a three-cornered Revolutionary War hat against a jet pilot helmet put up by Maj. Donald Johnston, commander of the 147th Squadron of the Pennsylvania Air National Guard.

At 12:10 a. m. a steady rain began falling — marking the 73rd time in 92 years that rain has fallen on Waynesburg on July 29. Daily had won his helmet.

YOUNG CLIMBER IS SUCCOCATED

JUNEAU, Alaska (AP) — Four young mountain climbers set out to scale the rugged slopes of 18,000-foot Mt. St. Elias, but only three came back.

Leo Slaggie, 22, Albany, Calif., arrived here Monday for treatment of frostbite and told how 23-year-old David Tolland of Grand Rapids, Mich., was killed when snow piled high by a blizzard collapsed their tent.

Ray D'Arcy of Boston and Ritter Walling of Philadelphia dug away the snow but not quickly enough to save Tolland, who suffocated.

Eight-Day Trip

The four were camped at the 13,000-foot level of the peak on the Alaska-Canada border about 275 miles northwest of here.

The climbers made their way over rugged terrain to the fishing village of Yakutat 70 miles away — a trip that took them eight days. There, Slaggie was picked up by

a Coast Guard plane.

The mountaineers were former members of the Harvard Mountain Climbing Club.

COMMITTEE IS EXPECTED TO CITE GOLDFINE

By MARTHA COLE

WASHINGTON (AP) — Bernard Goldfine faces the first step toward a contempt citation today for spurning a House subcommittee probing his relations with Sherman Adams.

Chairman Owen Harris (D-Ark.) called a special meeting of the subcommittee to act on the matter. Rep. John B. Bennett (R-Mich.) said, "I believe the vote will be to cite him unanimously."

The subcommittee carefully laid the groundwork for its action several weeks ago, demanding answers to a series of 23 questions about the Boston millionaire's financial dealings.

Refused To Answer

Goldfine with equal firmness refused to answer, contending the questions had nothing to do with the subcommittee's inquiry on whether improper influence had been brought on federal agencies.

Goldfine readily answered numerous other subcommittee questions, claiming a long personal friendship as the basis for his frequent contacts with Adams, President Eisenhower's top aide.

But he contended, as Adams had earlier, that he had received no special favors from government agencies as a result.

Subcommittee action would be only the first step toward possible prosecution for contempt of Congress. Action by the full committee and by the House itself would be required to send a recommendation to the Justice Department for action.

May Reach Grand Jury

Italian Premier To Address Congress

WASHINGTON (AP) — Premier Amintore Fanfani of Italy begins emergency Middle East talks with President Eisenhower today after two speeches before Congress.

Fanfani is reported ready to stress a combined European-American aid program as a means of easing the Middle East crisis. He has no single spectacular plan to unveil, aides said, but is eager to win American backing for the objective.

Chairman Owen Harris (D-Ark.) called a special meeting of the subcommittee to act on the matter. Rep. John B. Bennett (R-Mich.) said, "I believe the vote will be to cite him unanimously."

AUTO TOPAGE

Warren Chevrolet Maintains Reputation For Reliability; Had Its Beginning In 1913

Ever since 1913 when the late H. H. Warren entered the automotive sales and repair business in Arentsville, the name Warren has represented the best in new or dependable reconditioned automobiles and auto service. Through the years the Warren organization has grown and expanded to serve Adams County better in all their automotive needs.

Richard C. Warren, present owner of Warren Chevrolet Sales, represents the third generation of his family in the operation of an automobile agency in Adams County.

Mr. Warren assumed ownership of the business in 1943. For 14 years prior to that time the late J. Melvin Warren, father of the present owner, was the sole owner, having received his business from his father, the late H. H. Warren.

After operating a small blacksmith shop for a number of years, H. H. Warren began to sell vehicles in 1913 with his son in Arentsville, trading under the name of H. H. Warren and Son. This name was associated with the automobile business for 20 years in Adams County.

During the first 15 years, the Warrens—father and son—sold Mitchell, Oldsmobiles, Chevrolets, Buicks, Stans and Durants. They also operated a Pontiac dealership in Gettysburg in 1929 and 1930.

Founder Dies

H. H. Warren died in 1921 and the ownership of the agency passed on to J. Melvin Warren. The latter tore down the first garage and built another one on Main Street in Arentsville. From 1930 to 1932 Melvin Warren sold Fords in Arentsville and in 1933 he was granted a Chevrolet franchise in Gettysburg. It was then that the name of the organization was changed to Warren

Chevrolet Sales.

Richard C. Warren began to assist his father in 1931 following graduation from the Arentsville Vocational School. He managed the agency at Arentsville, beginning in 1933 when his father bought the Chevrolet and Buick contract and the garage at 57 York Street, Gettysburg, until 1941 when he became sales manager for his father in Gettysburg.

Following his father's death in 1943, Richard C. Warren assumed ownership of the dealership here and sold the Arentsville garage in 1945.

Get New Quarters

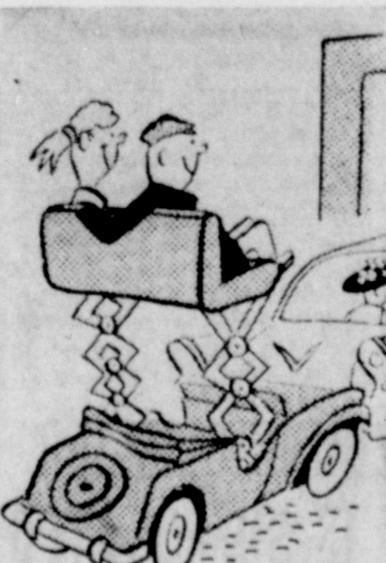

The present owner of Warren Chevrolet Sales was graduated in 1938 from Chevrolet's school of modern merchandising and management. He is also a former member of the dealer planning committee of the Harrisburg zone, Chevrolet Motor Division.

In March, 1950, Warren Chevrolet Sales moved to its new \$75,000 "home" along the Lincoln Highway. The modern steel and concrete block structure, located less than a mile from Lincoln Square, contains approximately 12,000 square feet of floor space. Its facilities include an attractive showroom, offices, a parts department, a service department and a separate body and paint shop.

In addition, the dealership operates a large used car lot to the east of the building and a service station with racks for lubrication and washing.

The spacious showroom at the northwestern corner accommodates three cars. It was built with an all-glass front and has an acoustical ceiling, tile flooring and seven spotlights to brighten the display of automobiles.

The service department, which

MOTOR MAIDS

Good Highways Lead To Safety

By Jeanne Smith,
Safety Consultant

You can help make highways safe.

The new federal-aid highway program, for which Congress authorized 27 billion dollars, provides for public hearings in nearly every community where federal-aid roads are to be constructed. It's up to the citizens to attend the hearings and insist that new roads be constructed as safely as possible.

Here are some safety measures proven effective in highway construction—that deserve your support.

Wide lanes: Recently when 244 miles of Illinois highways were widened from 9 to 11 feet, accidents decreased 39 per cent.

Broad And Paint Shop

The body and paint shop at the rear of the building provides almost 2,000 square feet of space for work of that type, as well as front-end repair and adjustments. There are six stalls in this department, a special paint room and three doors. All parts of the structure devoted to mechanical work are equipped with an underground exhaust system for the removal of carbon monoxide fumes.

The parts department, enhanced with a glass brick encounter, occupies a space of 700 square feet opposite the general office. Bulky

THE DRIVER'S SEAT

They call it the Midvale Tree. It's a magnificent oak and it stands at the northwest corner of the town's most important intersection—the intersection where Midvale Ave. crosses a major highway.

The tree is much older than the town itself. Its spreading branches and the pool of shade they offer on a hot summer day had made many friends long before the first trading

post was established near its huge trunk.

Inevitably, the Midvale Tree reminds you of other great trees whose names commemorate a great event or treasured legend. There is the Charter Oak of Hartford, Conn., in which, tradition has it, the colonists hid their charter rather than surrender it to the British governor. And there are the Packenham Oaks, beneath whose branches died the general who led a frontal attack against Andrew Jackson's sharpshooters at New Orleans.

Majestic Reminder

The Midvale Tree now stands almost alone in the town as a majestic reminder of a past as distant as the ice age is from the traffic that flashes by beneath its branches. Yet, though the tree seems to be a relic of the past, its kinship with the present is precisely defined in terms no town resident is likely to forget.

Thorough Cleaning

The final touch is not merely a wash job. Every car is given a thorough interior revitalization—mats vacuumed, fluffed or, when needed, replaced; headliners and door panels cleaned; and seats removed and brought back to life sparkling clean.

The exterior finish is given that new look with Warren's famous "Mirror Glaze" processing.

It is this inspection and reconditioning that makes Warren's cars so dependable.

Personnel Listed

Assisting Mr. Warren in his service to Adams Countians are: Stewart R. Tait, general manager; Levere Hamme, service manager; Glenn Bream, parts manager; Marianne Bushman, office manager; Ralph Lowery, used car manager, and Edward Warren, assistant service manager.

Mr. Warren employs 15 mechanics and these salesmen: George Taughinbaugh, Stanley Sharrah, William Sentz, Don Newman and Roy Staley.

With these members of the personnel staff and the two complete new and used car departments—each with individual showroom and lot facilities—Warren Chevrolet Sales is the largest in the county, both in volume and in facilities.

Service Station

A twin-post lift for lubricating work is installed at the extreme northeastern corner. The service station also uses a modern oil bar with air-operated pumps to deliver oil direct to hose outlets. The walls of the wash rack room are covered with tile.

A large lot measuring 230 by 175 feet is devoted to the display of "OK" used cars and trucks.

In June, 1957, Warren Chevrolet purchased the Dave Forney property for the express purpose of providing the finest possible used car reconditioning department in Adams County.

Proper Servicing

Into this modern, spacious shop was installed the latest equipment vital to the proper servicing of any make car taken to trade. With utmost consideration toward the critical buyer, Warren established the most rigid inspection procedure that

parts are stored on the mezzanine over the showroom. A meeting room for salesmen is also included on the mezzanine.

Radiant heating and fluorescent lighting are used throughout the building.

In June, 1957, Warren Chevrolet purchased the Dave Forney property for the express purpose of providing the finest possible used car reconditioning department in Adams County.

Proper Servicing

Into this modern, spacious shop was installed the latest equipment vital to the proper servicing of any make car taken to trade. With utmost consideration toward the critical buyer, Warren established the most rigid inspection procedure that

parts are stored on the mezzanine over the showroom. A meeting room for salesmen is also included on the mezzanine.

Radiant heating and fluorescent lighting are used throughout the building.

Service Station

A twin-post lift for lubricating work is installed at the extreme northeastern corner. The service station also uses a modern oil bar with air-operated pumps to deliver oil direct to hose outlets. The walls of the wash rack room are covered with tile.

A large lot measuring 230 by 175 feet is devoted to the display of "OK" used cars and trucks.

FAUBUS SEEKS THIRD TERM IN PRIMARY TODAY

By CLIFTON WELLS
LITTLE ROCK, Ark. (AP) — Gov. Orval Faubus is hoping that his stand in the Little Rock integration crisis will sweep him to a third-term Democratic nomination in today's primary.

Faubus, who ordered state troops to block school integration, faced two opponents.

In strongly Democratic Arkansas, nomination is equivalent to election.

Should Faubus not win a majority today, he will face the runner-up in a runoff second primary Aug. 12.

Hope for Runoff

The two candidates opposing the controversial incumbent — Chris Finkbeiner, 37-year-old Little Rock meat packing company executive, and Lee Ward, 51, of Paragould, Ark., a state court judge — both conceded Faubus an excellent chance to lead the preferential ticket. But they pinned their hopes on forcing the governor into a runoff.

Both Ward and Finkbeiner have strongly criticized Faubus' action last September when the governor prevented nine Negro children from entering Little Rock Central High School by placing a cordon of National Guardsmen around the school.

Called On Regulars

After Faubus removed the state troops in face of a Federal District Court injunction directing him to cease interference, President Eisenhower sent regular Army paratroopers and federalized the State Guard to enforce the court-ordered integration.

Finkbeiner and Ward said they too believed in racial segregation but prescribed only "legal" methods of maintaining it.

HARRISBURG (AP) — The State Health Department Monday announced these appointments:

Leonard J. Facciana, Reedville, R. I., and Howard Penz, Hatboro, both sanitary engineers at \$6,266 a year.

SHAPIRO CLAIMS CONVERSION HAS ADDED QUARTERS

HARRISBURG (AP) — Conversion of employee quarters to patient use at state mental hospitals has added a total of 2,055 patient beds, the Department of Public Welfare reported today.

Harry Shapiro, public welfare secretary, said that at current construction rates, the conversion saved the Commonwealth more than \$2 million dollars.

Figuring a minimum of \$6,000 per bed, he said, it would have

Kenny Delmar Is In Harrisburg Play

Kenny Delmar is featured as a blustering Pentagon general and Kathern Shaw as the pretty love interest in "Visit to a Small Planet" which stars Bert Lahr and which opened Monday night at the Playhouse of Stars in Harrisburg.

Delmar endeared himself to millions as the pompous, demagogic Senator Claghorn on the late Fred Allen's radio show. He was seen as "The Senator" in numerous motion pictures and has been recently featured on CBS radio's drama, "The Second Mrs. Burton," where he introduced a new and hilarious character, the flamboyant Buck Holliday. His last Broadway stage appearance was in "Chicken Every Sunday" and he has appeared on all the topflight TV shows.

State Promises Study On Road Improvement

HARRISBURG (AP) — A study to determine what improvements can be made on a section of Poco Farm Road in Lycoming County has been promised by the State Highways Department.

Lewis M. Stevens, highways secretary, made the promise Monday at a meeting with delegates from the Williamsport area. The delegation was headed by Sen. Miles R. Derk (D-Lycoming).

"Mr. Stevens promised that he would have the planning and Research Division study the matter and see if the project possibly can be placed on the construction schedule for the current year," a spokesman said.

He said the project, because of the type road, would be financed entirely by the state. It would include improvements on a 2 1/2 mile section.

cost the Commonwealth \$12,330,000 to provide similar new facilities. The actual cost of the conversion and renovation was \$182,640.

Remodel Buildings

In addition to the extra beds, Shapiro said proposed construction soon will add 380 more beds, 3 rehabilitation centers, 15 therapy areas and 35 offices.

Hospitals and the number of beds gained at each by the conversions are:

Allentown 283, Clarks Summit 175, Danville none, Dixmont none, Embreeville 10, Farview 29, Harrisburg 85, Hollidaysburg 61, Mayview 175, Norristown 81, Philadelphia 320, Retreat 123, Somersettone, Torrance 182, Warren 80, Wernersville 97, Woodville 27, Laurelton 30, Pennhurst 248, Polk 19 and Selinsgrove 30.

RAIN CARRIES BOYS IN SEWER

CLEVELAND (AP) — What's it like to be swept along for more than four miles by a wave of rain water in a dark storm sewer?

Here's how Terry McGuire, 13, one of four boys swept into the sewer, described the experience: "We were playing at this great big opening in the ground, like a tunnel. We went in and walked a little way. Then we heard this water rushing down. We tried to get out, and the water just carried us down.

"I was sliding along in the water. I was sitting down like, and the water was up to my waist. Boy, it was really dark. I could see a manhole above me only once in awhile.

Ready To Give Up

"My friends got ahead of me and the water started getting higher. It gradually was coming up to my chest. I was just about ready to give up. Then I saw this big opening like. The water slowed up. When I got to the big opening I was able to stand up and walk out.

"I was definitely scared. I was praying. I said the Act of Contrition and the water started getting higher. It gradually was coming up to my chest. I was just about ready to give up. Then I saw this big opening like. The water slowed up. When I got to the big opening I was able to stand up and walk out.

"I was definitely scared. I was praying. I said the Act of Contrition and the water started getting higher. It gradually was coming up to my chest. I was just about ready to give up. Then I saw this big opening like. The water slowed up. When I got to the big opening I was able to stand up and walk out.

Then I saw this big opening like. The water slowed up. When I got to the big opening I was able to stand up and walk out.

"I was definitely scared. I was praying. I said the Act of Contrition and the water started getting higher. It gradually was coming up to my chest. I was just about ready to give up. Then I saw this big opening like. The water slowed up. When I got to the big opening I was able to stand up and walk out.
